Udhia/Qurbani - Report

Syrian Relief, part of Almanar Trust, would like to thank everyone who contributed and continue to contribute towards our aid campaigns for Syria.

Syria Relief started in Thul-Qi'dah 1434, right before Hajj (late September 2013) the Udhia/Qurbani project to buy prepare for sacrifice and distribute the meat shares as soon as the day of Eid ul-Adha starts in Syria.

Syria Relief have partnered with Ataa' for Relied and Development (a registered charity organisation in Turkey) to acquire and scarify (on behalf of donors) and distribute the meat shares inside Syria to the area's most in need.

Due to excess of demand, we had to refer all orders over the purchased 50 lambs (pre-agreed price) as price increased, so the option was to refer the excess to Islamic Relief Australia where they process and pack the lambs then send it to Syria.
